Summer Placement Interview Guide

Congratulations on being invited to your summer placement interview. The below document includes some useful information about your day:

The Interview

This will be a one-hour technical based interview with the hiring panel stated in your confirmation email.

There will be several questions covering your technical experience and suitability to the individual role. These would relate to the job adverts essential and/or desirable criteria that was indicated as I (Interviewing) and/or S&I (Shortlisting and interviewing).

You'll also have an opportunity to ask any questions that you may have about the role at the end.

We recommend undertaking some research on STFC/UKRI and the department the role is based in. We also recommend using the STAR method when answering questions. Please visit [The STAR method | National Careers Service](#) for information and support to prepare for your interview.

Please put the subject as your name - the role and date you are interviewing for.
- Give yourself time to complete and practise any material that you've been asked to prepare.
- Please read the job description for the role you are applying for, this will be attached to your confirmation email. This will include the essential/desirable criteria for the role. If missing, please email Stfcvacationstudents@ukri.org
